

JUNE IS PRIDE MONTH

“ It takes no compromise to give people their rights...it takes no money to respect the individual. It takes no political deal to give people freedom. It takes no survey to remove repression. ”

New Business Items Submissions. New Business items may be submitted by any Council member(s) registered for a State Council meeting in the form of separate proposals to be acted upon under New Business. The procedure for handling such items is as follows:

Proposals must be submitted by the end of the First General Session to the Secretary-Treasurer or designee via the NBI app. They shall be received and numbered within a sequential numbering system established for each membership year. An email confirmation of receipt along with the number assigned to the NBI will be sent to the maker(s) of the NBI.

The President or designee thereupon refers the item to the appropriate body for study and recommendation to the Council.

A list of New Business items shall be posted by 2:00 p.m. of the first day of the Council meeting.

If the body of referral is a State Council committee, that committee will present a progress report on the second day of the Council meeting during Committee Reports. At this time, motions of referral, modification, action or disapproval may be placed on the floor by the committee chair on behalf of the Council committee. All NBIs held as matters pending will be listed in the committee report.

During the time designated on the agenda for consideration of new business items, the President or designee shall place each item before the Council for ratification of the previous day's referral. At this time any Council member may request to pull an item for consideration of immediate action, which is non-debatable and takes a 2/3rds vote. Such request must be in writing on the appropriate form and submitted to the presiding officer prior to the commencement of consideration of new business items. The presiding officer will inform Council of the request and reason(s) indicated on the form before Council votes on consideration of the item.

New business items not acted upon through referral or by immediate action at the meeting during which they are submitted shall automatically be placed on the agenda for the following Council meeting. New business items shall be tracked by the Governance Support Department.
