What is the purpose of this pre-conference?

CTA wants to help members realize their retirement dreams. This is a core union value and great way to engage local members. We are inviting local leaders, membership chairpersons and/or site reps to the conference to help them in their journey and identify opportunities to build an organizing campaign around this important issue in the local.

CTA will arrange and pay for release time for up to five leaders/site reps per chapter; except Issues Conference, which is limited to three leaders/site reps per chapter.
